Alberto Argnani

Alberto Argnani is partner of Tachyon, a company that provides consulting services for alternative investments.

After graduating in Economics at Alma Mater University of Bologna (1995), Alberto Argnani began his career (1996) in Arthur Andersen, dealing with textiles and luxury goods sectors. In 1999, Argnani became manager and in charge for audit and due diligence services for leading national and international clients.

In 2000, he became Chartered Accountant (Dottore Commercialista) and in 2001 Statutory Auditor (Revisore dei Conti).

From 2001 to 2004, served as Director in Deloitte Financial Advisory Services coordinating financial and M&A due diligence services for important corporate clients and leading financial investors (KKR, TPG, Colony Capital, ...).

In 2004, he became Chief Investment Officer of Mediolanum State Street SGR, growing to managing director and shareholder in 2008, by achieving a management buyout.

After the MBO, the SGR was renamed FONDAMENTA and experienced a remarkable growth becoming leader in the Italian market of alternative investments.

In 2012, FONDAMENTA SGR was managing 15 investment funds (fund of funds, clean technologies, real estate, technology transfer, NPL and microfinance) for over € 900 million assets under management, with a team of thirty professionals.

As fund manager, Alberto has selected around 40 teams (private equity, microfinance and real estate) and he had the opportunity to evaluate more than 300 funds, also creating several direct investment opportunities in companies, technologies and infrastructure and real estate assets.

Alberto has been member of several advisory boards of leading Italian private equity funds, member of AIFI Mid Market Committee and board member of several industrial and services companies.

In 2013, Alberto sold his stake in FONDAMENTA, increasing significantly the initial investment made in 2008.

Currently, in addition to managing Tachyon, Alberto takes care of technical advice related to financial and pre bankruptcy restructurings.
